

REMARKS

I. Amendment to Specification.

In an amendment filed on May 3, 2001, Applicants amended the specification to insert a new paragraph entitled "STATEMENT REGARDING FEDERALLY SPONSORED RESEARCH" at line 10 on page 1. This paragraph indicated that the invention was made with government support under a particular grant number awarded by DARPA. The grant number contained an inadvertent typographical error. Applicants have now amended the specification to correct the inadvertent typographical error in this paragraph as shown by the amendment to the specification presented above. No new matter has been added by this amendment. Applicants respectfully request entry of this amendment, as it merely corrects a typographical error.

The Director is hereby authorized to charge the required issue fee, or any additional necessary fee, credit any overpayment, to Deposit Account No. 50-0990.

Respectfully submitted,
